

# District Communication Tool with Infinite Campus

---

Aurora Public Schools recognizes solid communications between school, student and parents/guardians is key to your child's success academically but also during an emergency. Infinite Campus Messenger is a tool that is used to distribute urgent messages, attendance messages, school lunch low balances, missing assignments, and other district-specific notices.

At the beginning of the current school year you will again receive enrollment forms to complete and return to your child's teacher. This information will be entered into Infinite Campus. It's always a good idea to check the information submitted, via the Parent Portal, to verify your household information is accurate. If changes need to be made, please contact your student's school office immediately. If you are interested in establishing a Parent Portal account please contact Barb Olsufka at (402) 694-6923 or at [bolsufka@4rhuskies.org](mailto:bolsufka@4rhuskies.org).

Once again, because current and accurate student household information is critical to the success of this communication tool, please make sure Aurora Public Schools has your most current phone numbers and e-mail addresses in Infinite Campus.

Infinite Campus Messenger will pull household information located within Infinite Campus to send messages via e-mail, voicemail, Parent Portal, or text messaging. There is no sign up to receive e-mail or voice messaging. However, if you would like to receive text messaging, fill in the form below and return it to your student's school building office. **Please note, only (1) cell phone number can be registered per each form. Additional forms may be picked up in any of the school offices.**

I would like to register the following cell phone number to receive text messages through Infinite Campus Messenger. **I understand that existing phone numbers I previously designated to receive text messages will remain the same unless I indicate differently. I understand that Aurora Public Schools will not be responsible for any fees incurred on my cellular plan while receiving these text messages.**
